

MAEER's MIT

Vishwashanti Gurukul Teacher's Training Training Academy, Loni

National Science Day is celebrated all over India with great enthusiasm on 28th of February every year in order to commemorate the invention of the Raman Effect in India by the Indian physicist, Sir Chandrasekhara Venkata Raman on the same day in the year 1928. For his great success in the field of science in India, Chandrasekhara Venkata Raman was awarded and honored with the Nobel Prize in the Physics in the year 1930.

VGTTA family celebrated the science day. On this occasion students in-
nuagarated science club.
