traditional day

with activities

food mela, fun fair
poster making (theme based),
and best out of waste

These celebrations with activities found
useful in team building and skill
development to run business as well as
communication skills

Educational Field Visits

Ankur Vidyalaya and Science Park Visit

On 10th Feb 2016 we visited
*Ankur is an Inclusive
school*

where all types of schools
learn with each other.

Our students interacted with
principal of Ankur School and
asked questions related to take
such students as a challenge of
teaching-learning process.

This visit found useful to
understand inclusive
classroom and inspired
students to work with them in
future.

Another place of field visit
was *Science Park at
Chinchwad* which is very nice
museum of scientific
concepts where one can
observe demonstrations of
scientific phenomena.

Our students visited science
park on 10th Feb 2016.

They took information,
watched 3D movie and
Planetarium also. This visit
lead them to understand
science through hands on
experiences.

Educational Field Visits

Antar Bharati Balgram, Lonavala

On 18th Feb 2016, our students visited Antar Bharati Balgram School, Lonavala specially meant for orphan students.

Our students conducted various games related to develop life skills, value education such as Balloon game, Machine game, puzzles on character identification, best out of waste etc. After games, students distributed sweets and appreciated their performance. This visit found to sensitize our students developing social skills and problem solving.

Mother language Day & National Science Day Celebration

On 29th Feb 2016 our students celebrated mother language day and National Science Day. Students expressed their views about their mother language such as Marathi, hindi, telgu, kokani, odisi etc. students also celebrated national science day orientating with science day themes, objectives and history behind it's celebration, importance, C. V. Raman etc. this activity found beneficial reflecting importance of mother language and science in
